PROFILE

Creative software engineer with a background in pharmacy and eagerness to learn - During pharmacy school, I created an educational pharmacy website/Instagram and decided to transition into computer science to strengthen my web development passion. I completed the fullstack coding bootcamp at Northwestern and learned how to create front and back-end web applications.

EMPLOYMENT HISTORY

Inpatient Pharmacy Intern, OhioHealth: Riverside Methodist Hospital

Columbus, OH

Jan 2021 — Aug 2022

- Performed holistic Medication Reconciliation in the Emergency Department
 - Communicated important drug and patient information with prescribers and pharmacists
- Compounded sterile products utilizing aseptic technique in-line with USP-797 best practices
- Answered nurse and prescriber questions regarding IV compatibility, and drug administration

Introductory Pharmacy Practice Experience (IPPE) Rotation, Kroger

Columbus, OH

Feb 2021 — May 2021

- Counseled patients on supplements, over the counter, and prescription medications
- Completed prescription transfers and took verbal medication orders from prescribers

EDUCATION

Fullstack Web Development Certificate, Northwestern University

Evanston, IL

Aug 2022 — Nov 2022

Doctorate of Pharmacy (PharmD), Ohio State University
